Marqit Internship — Content / Social Media

Sep 28, 2026

About Marqit

Marqit (playmarqit.com) is a free daily prediction game — three Yes/No calls a day on sports, pop culture, and news, plus streaks, leaderboards, buddies, and rivals. It’s a naturally social, shareable product, and we want someone who lives on TikTok and Instagram to help it feel that way online.

What You'll Work On

- Planning and posting a regular content calendar across TikTok and Instagram
- Creating short-form video (Reels/TikToks) reacting to that day's Marqit calls — sports upsets, pop culture drama, big news moments
- Turning in-app moments (streaks, Perfect Days, leaderboard climbs, rivalry wins) into shareable graphics and clips
- Riding relevant trends/memes and adapting them to Marqit's voice
- Community management — replying to comments/DMs, engaging with users' shared results
- Helping run user-generated-content campaigns (e.g. share-your-streak challenges)

What We're Looking For

- Genuinely active on TikTok and Instagram — you understand what makes content work, not just what a brand "should" post
- Comfortable filming and editing short-form video yourself
- Strong, casual writing voice for captions and community replies
- Currently pursuing a degree in Communications, Marketing, Media, Journalism, or similar (or just really good at this)

Nice to Have

- Experience with CapCut, Premiere, or similar editing tools
- A portfolio of content you've made (personal or for a brand/org)
- Basic graphic design (Canva or similar)
- Prior social media management for a brand, club, or community group

Good to Know

- Fully remote — work from anywhere, no location preference at all.
- Completely flexible hours — there's no set schedule or clock-in time. Each intern maps out their own hours ahead of every week, and as long as the work gets done, when you do it is up to you.
- Unpaid role — this internship doesn't come with pay. What you do get: real, hands-on credit helping build a live product from the ground up, and as we grow Marqit together, Grand Media Group LLC is glad to serve as a reference and go to bat for you on future roles and opportunities.
