Marqit Internship — Marketing / Advertising

Sep 28, 2026

About Marqit

Marqit (playmarqit.com) is a free daily prediction game — three Yes/No calls a day on sports, pop culture, and news, with streaks, leaderboards, buddies, rivals, and group-vs-group competition built right in. We’re growing community by community and looking for a marketing intern who wants to help drive that growth.

What You'll Work On

- Helping launch and run ambassador / rep programs (Marqit already supports group-vs-group leaderboards — this is core to our growth strategy)
- Planning and testing social ad campaigns (TikTok, Instagram, Snap)
- Brainstorming and running growth experiments (referral hooks, launch events, contests)
- Pitching Marqit to clubs, teams, community groups, and influencers

What We're Looking For

- Currently pursuing a degree in Marketing, Advertising, Business, or Communications
- Strong understanding of how Gen Z uses social platforms
- Comfortable pitching ideas and talking to people (groups, community leaders, reps)
- Creative, scrappy, and organized — comfortable owning a project end to end

Nice to Have

- Experience running paid social campaigns (Meta Ads Manager, TikTok Ads)
- Leadership in a club, team, or community organization
- Prior ambassador or brand rep experience
- Basic analytics literacy (reading campaign/engagement data)

Good to Know

- Fully remote — work from anywhere, no location preference at all.
- Completely flexible hours — there's no set schedule or clock-in time. Each intern maps out their own hours ahead of every week, and as long as the work gets done, when you do it is up to you.
- Unpaid role — this internship doesn't come with pay. What you do get: real, hands-on credit helping build a live product from the ground up, and as we grow Marqit together, Grand Media Group LLC is glad to serve as a reference and go to bat for you on future roles and opportunities.
